“THE FLYING CAMP.”—1776. (a.)

[Although Pennsylvania furnished apart from the three State Regiments, four thousand five hundred troops for the so-called “Flying Camp,” it has been impossible up to the present time to find the names of more than five hundred officers and men. It is hoped, however, that with the increased interest recently taken in hunting up the records of a patriotic ancestry, much may be discovered and preserved. It is greatly to be regretted that the information herewith given is so meagre.]

CAPTAIN JOHN REED'S COMPANY. (a.)

[Capt. John Reed, the commander of the following company during the Jersey campaign of 1776-77, was the son of James Reed, who located near the south of Powell's creek, Lancaster, now Dauphin county, probably as early as 1728. On maps prior to 1860, the location is marked "Reed's." John Reed had been a ranger on the frontiers during the French and Indian wars, and when the war of the Revolution came he was ready for the conflict. He organized the company of associators which is herewith given, and was in service until after the battles in and around Philadelphia. Capt. Reed died in 1789.]

WILLIAM LAIRD, Capt.

1781.

(c.) To His Excellency the President & the Honorable the Supreme Executive Council of the Commonwealth of Pennsylvania.

The Representation and Memorial of the Officers and Privates of the 9th Battalion of Lancaster County Militia, Humbly Shewith—

That your Pettioners beg leve to Represent, that under the former and presant Militia Laws, the Eight Classes of Militia of the County of Lancaster have been called out and performed two full Tours, and the 7th Class of the third tour is now upon Duty—we Conceive (Councel however are better acquainted with the details of the Militia of the State) that the County of Lancaster has don considerably more than thire proportion of Duty. Several of the Adjecant Counties we are Creditably informed, are not less than 6th Clas's Short of us.

This we consider directly contrary to the intent and meaning of the 29th Sect: of the Militia Law, as well as a Grivance as it is imposeing an unequal burden not only on those who render there Personal Service, but alsso on such as pay fines for Delinquency money of whome we know are well affected, but from perticular and unavoidable Circumstances cannot give thire Personal Attendance.

Your Memorialists therefore pray Your Excellency and the Honl. Council will take the Premisses into Concideration and redress our Grivances.

And they as in duty bound will pray &c.

p me GOTTLOB JUNGSMANN.

[SEAL] By the Board of War and Ordinance of the United States of America to William Henry Esqr. of Lancaster in the State of Pennsylvania.

By Virtue of the Authority given us by Congress in their Act of the 23d. Instant herewith transmitted you are hereby appointed Commisary of hides for the States of Pennsylvania Delaware and Maryland—You will proceed immediately in the faithful and diligent discharge of that duty, as pointed out in the following Instructions & such others as the Board may from time to time think Proper to give you—You will correspond from time to time with this Board & the Clothier General informing us & him of all material transactions in Your Department.

From him you will receive Monies as the Exigencies of your business require them keeping an exact Account of your Expenditures & settling your accts. at least once a Year with the Commissioners of accounts—You will make regular Returns at least quarterly to the clothier General agreeably to the Directions of Congress—In all Cases of difficulty you will Consult the Board & on Common Occasions take the Advice & Instruction of the Clothier General—We would particularly recommend to you the strictest attention to Oeconomy in your Expenditures, as in the present situation of our Affairs much depends on this.

You are to receive all raw hides as well of meat Cattle including Calves as of Sheep Killed for the Use of the troops & belonging to the United States within Your district & have them properly dried and Cured and Exchange the Same (under the following Exceptions as to Sheep Skins) either for Shoes or leather at the Customary rates of Exchange—So many of the Sheep Skins as are necessary are to be furnished the Commisary General or the Field Commisary of Meletary Stores or thier deputies for the Use of their Departments when you shall be by them required to deliver them, if you Can

get the residue or any Part thereof made into Parchment for Drum heads let it be done & the Parchment delivered to the Commisary General or Field Commisary of Military Stores their deputies or their Order.

Such as are not disposed of in the manner above mentioned You are to Exchange with the wool for Leather of Shoes or make Sale thereof for the Benefit of the United States according to Circumstances We would Wheresoever it is practicable prefer the immediate Exchange for Shoes which in all Cases let be well made & substantial as much loss has heretofore accrued by the unsufficiency of many of the Shoes Supplied the Troops—The leather so obtain'd you will have work'd up into shoos & deliver them to the Clothier Genl. or his Order taking duplicate Receipts and whereof you will transmit to the treasury board—All Scraps or parts of leather proper for Mending the Soldiers Shoes or fit for Making Caps agreeable to a patron we will furnish, you will have Carefully preserved to be dispos'd of as Shall be hereafter dericted—When you shall be of Oppinion that Exchanges cannot be made on reasonable or convenient terms, you will contract with Persons to tan the Hides Coming into your Possession in the best terms Possible—but put no Hides out to tan except in Cases of Absolute Necessity, as not Only Great Delays in getting the leather but many Impositions are practised by Persons having Hides to Tan for the Publick—You are hereby Authorised to receive from all Persons either acting under the Old Departmt or by Any means having Possession of hides or leather belonging to the United States within Your District all such hides & Leather, transmitting Accots. of what You shall receive to the Clothier General and disposing thereof agreeable to the foregoing directions—

If you Can procure more Shoes to be made within Your District than can be produced out of the leather Blonging to the United States in Your hands, or if you Should have more of One species of Leather than Another You are hereby Authorised to Purchase Leather on the most Reasonable Terms for which Can be procured either for Supplying the deficiency or for delivering out to work-men to be worked up into Shoes, and as we fear withall our exertions that we shall be Able to procure but a bare Sufficiency of this Necessary Article you are hereby Authorised to purchase Good Substantial Shoes for the Use of the Army—In your Purchase of Leather or shoes you will confine Your Self to Your Own district as many Inconveniences will arise from extending Your Bussiness beyond the

limits therof—You will Observe as to the Tallow offal &c. the directions of Congress contained in their Resolution of the 11th. Octob. 1777 in the Words following.

“Resolved

That the commissary General of Issues his deputies & Assistants, and all persons employ'd under him or them deliver over on demand to the Commissary of hides, all Hides Tallow fat and offal of all Cattle Killed for the Use of the Army, taking a Rect. for the same; any order or Direction of any Person or Persons to the Contrary notwithstanding.”—

“That the Said Commissary of Hides shall receive and take care of the Tallow and all other Useful Offal of the Cattle belonging to the United States—and see that the said Tallow is properly Rendered & made fit to be Manufactured into Candles & Soap for the Use of the Army, and shall deliver the Said Tallow so rendered to the Commissary General of Purchases, or his Order taking Receipts for the same, reserving so much of the Said Tallow as may be necessary for the Manufactory of the leather and the use of his Own Departments.

In addition to this we Recommend to you to procure as much oil as possible from the feet of the Cattle for the purpose of Currying leather—When the Army is in Your neighborhood the Superintendent of Cattle will see that the Hides & Tallow are Seasonably delivered to you by the commisaries with the Army—You will Represent to the Board what assistants & Clerks will be necessary in Your District and on being informed we will transmit appointments for such as We deem necessary—As by the regulations of the Cloathing department it is recommended to the Governments of the respective States to purchase Cloathing for the Troops of their Several Quotas and as no doubt Shoes will be directed to be purchased in Consequence of this Recommendation we desire you will consult with the Executive Powers of the States of Pennsylvania Delaware & Maryland on this Subject & Cultivate all Possible harmony with them in this and every Other Part of your Business that no clashing may happen & the Prises of the Article be raised by a Competition of Purchasers—

You will have the weight of the hide when green Cut on the But thereof. And when you are obliged to put Hides out to tan, you will Provide a Stamp or Brand with the letters U. S. for marking Such hides befor a delivery to the Tanners on the grain Side, so that the Same may be distinguish'd when tanned as Continental Property & Prevent Impositions in Sub-

stituting Inferior hides for those belongg. to the United States—You will Also have Express'd in the Rects. for Hides put to Tan their Weight as well as their Mark and the Number of them. There have been such Impositions in the Shoes Supplied for the Army, we add this farther direction, that each individual Pair be Carefully Examined in every Part for the Purpose of discovering Frauds—These are generally in putting in bad leather, Cutting the quarters low the Vamps Short, almost Cutting through the Soal in hallowing the Heel bad Sewing Particularly the upper leather to the inner Soal which being Out of Sight few stitches are taken and they Presently come to Peices—We would have the Shoes made with a full Proportion of large ones, the quarters high and rather Short and fitting Close about the foot the Vamp coming up above the Buckel—You are also to Stamp Your Name on the Outside of the Soals of all Shoes procured by you—

You will in every hundred Pairs of Shoes either made or bought procure eight Pairs (& no more) fit for officers—As much Perplexity & Loss have arisen in the Business from the Variety of Persons heretofore employed in making Exchanges, and the Many Orders on the Commissarys for the delivery of hides, and as we deem you and your Assistants fully competent to Manage the Whole business within your district, you are hereby strictly forbidden to answer any Such Orders, given after your receipt of these Instructions unless they are Issued by the Authority of the Commander in Chief—

As there will be no Continental agents to interfere with you in Your district, & the Whole business is Committed to your Care, we Expect your utmost exertions will be used in procuring immidiate & Constant Supplies of Shoes for the Troops, who without great diligence in the Commissaries of Hides we fear will greatly Suffer.—

Given at the War Office the fifth Day of
August Anno Domini 1779 & in the Fourth
Year of our Indecendance.
